Results

The operating loss after income tax for the half-year amounted to \$4,584,490 (31 December 2022: \$3,171,186) after non-cash expenses of \$922,232 (31 December 2022: (\$298,501)).

Review of Operations

Commentary on the results for the half-year ended 31 December 2023

H1 revenue and cash receipts negatively impacted by large US customer program delays, now resolving during H2 as programs deploy.

Decline in revenue (A\$1.37 million, down 36%) and cash receipts (A\$1.87 million, down 36%) from customers for the half-year compared to the previous period.

H1 loss A\$3.7 million before non-cash items compared to A\$3.45 million in previous period (A\$0.25 million, up 6%).

Executed new strategic reseller & partnership agreements to broaden both geographic and sector sales reach.

Expansion in sales pipeline as existing customers re-commit and grow spend, and leadership level engagement with Tier-1 customers and qualified prospects.

Continued investment in customer-driven R&D across key sectors providing momentum for continued growth in platform spend by customers.

Well placed for growth in existing customer spend and new enterprise contract awards in H2, which will in turn expand the Company's Annual Recurring Revenue (ARR).

Revenue and Cash Receipts

During the half-year the Company recorded revenue of A\$2.5 million and customer receipts of A\$3.4 million, which is a reduction of A\$1.4 million and A\$1.8 million respectively over the prior corresponding period.

The recorded revenue and customer receipts were well below Company expectations due to previously communicated program delays with key US energy utility customers, which impacted the Company's invoicing and cash collections, all of which are expected to resolve during H2 FY24.

During the half-year, spend by existing customers grew across Pointerra's target market sectors, with award of multiple new contracts with existing and new customers.

Pointerra's ongoing role in supporting the US Energy Utility Sector with resilience, vegetation management and storm response programs continues to evolve as program timing becomes more certain, with existing customers, prospects and their EPC contractors acknowledging the need to adopt Pointerra's innovative digital twin platform to deliver on their core operational and CAPEX programs.

The Company continues to execute against its strategy in both Mining and Oil & Gas Sectors focusing on the use of Pointerra3D to support CAPEX, operations and maintenance with an Australian miner adopting Pointerra3D as its primary digital twin data processing and analytics platform.

Newly executed strategic reseller and partnership agreements demonstrate the strength of Company's mining sector customer relationships and will broaden both geographic and sector sales reach in implementing the Pointerra3D Digital Twin Platform.

Operating Costs, Platform R&D Development

Investment in customer-driven R&D across key sectors during the half-year provides momentum for continued growth in platform spend by customers. The Company optimised the development, product and sales teams to support the ongoing needs of Pointerra customers, with the current cost base not expected to grow at the same rate as growth in ARR.

Investment in the sales team, particularly the new Chief Growth Officer roles, generating early results and a positive outlook, with new strategic reseller & partnership agreements broadening both geographic and sector sales reach for the Company.

The focus of business in the coming months is to shrink the current sales cycle, whilst also accelerating growth in existing enterprise customer spend, and generate high gross margins with the team capable of delivering materially higher levels of revenue. In H2 FY24, further senior-level sales & BD hires are anticipated in both the Australian and US markets.

In addition to focusing on the analytics, visualisation and other platform capability enhancements in Pointerra3D's digital twin solution stack of Core, Analytics and Answers, the product, R&D and engineering teams made significant inroads in both operating cost management and platform optimisation of the Company's use of AWS, providing further stability in the cost base as the business scales.

Outlook

Delays in customer programs, invoicing and receivables collections deferred potential customer receipts into Q3 and Q4 and prevented a cashflow positive half-year period. The large US customer program delays that were experienced during calendar 2023 are now resolving with improvement expected during H2 FY24.

Much like in previous financial years, H2 is expected to outperform H1 primarily driven by deployment of aforementioned customer programs, growth in existing customer spend, new enterprise contract awards and sales execution arising from new strategic reseller & partnership agreements.

H2 FY24 offers the opportunity to showcase this capability with a view to the delivery of a positive H2 earnings result for the Company.

Auditor's Independence Declaration

The lead auditor's independence declaration under section 307C of the Corporations Act 2001 is set out on page 6 for the half-year ended 31 December 2023.

Notes to the Condensed Financial Statements

for the half-year ended 31 December 2023

NOTE 1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

Material accounting policy information

These general purpose financial statements for the interim half-year reporting period ended 31 December 2023 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2023 and any public announcements made by the company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

New or amended Accounting Standards and Interpretations adopted

The consolidated entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Critical accounting estimates and judgements

The preparation of financial reports requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reporting amounts of assets and liabilities, income and expense. Actual results may differ from these estimates. In preparation the interim consolidated financial statements, the significant judgements made by management in applying the Company's accounting policies and the key sources of estimation uncertainty were consistent with those that applied to the annual consolidated financial statements as at and for the year ended 30 June 2023.

Going concern

The half year financial report has been prepared on the going concern basis, which contemplates the continuity of normal business activity, the realisation of assets and the settlement of liabilities in the ordinary course of business.

As at 31 December 2023, the Company had cash and cash equivalents of \$1,538,182 (30 June 2023: \$1,491,823) and had a working capital deficit of \$3,368,941 (30 June 2023: \$1,764,009). The Company incurred a loss after tax of \$4,584,490 for the half year (31 December 2022: \$3,171,186) after non-cash expenses of \$922,232 and net cash outflows from operating activities of \$1,915,342 (31 December 2022: \$934,476). Included in the working capital deficit was deferred revenue of \$2,270,503 (30 June 2023: \$2,712,339) which will result in minimal cash outflows when realised in future reporting periods, and employee provisions of \$693,511 (30 June 2023: \$639,089).

7 February 2024, the Company completed a Placement with existing shareholder for 13,000,000 new fully paid ordinary shares at \$0.08 per share, raising \$1.04 million.

The Directors have prepared a cash flow forecast which indicates that the Company will have sufficient cash flows to meet all commitments and working capital requirements for the twelve-month period from the date of signing this financial report. The Directors believe it is appropriate to prepare these accounts on a going concern basis because of the following factors:

- the Directors have a strategy to grow revenue and generate positive cash flows from operations; and/or
- the Company can curtail discretionary expenditure as and when required in order to manage cash outflows.

Based on the cashflow forecast and other factors referred to above, the Directors are satisfied that the going concern basis of preparation is appropriate. Should this not occur, or not occur on a sufficiently timely basis, there is a material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern and therefore, the Company may be unable to realise its assets and discharge its liabilities in the normal course of business. The financial statements do not include any adjustments relating to the recoverability and classification of asset carrying amounts or to the amount

Notes to the Condensed Financial Statements

for the half-year ended 31 December 2023

and classification of liabilities that might result should the Company be unable to continue as a going concern and meet its debts as and when they fall due.

Comparatives

When required by accounting standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year. During the reporting period, line items of previous corresponding period in the Condensed Consolidated Statement of Profit or Loss and Other Comprehensive Income have been reclassified to be more aligned with nature of expense and enhance comparability of information including: reallocation from administrative expenses of \$2,955,616 to employee benefits expense and \$1,227,452 to cost of non-recurring project services; \$563,597 from research and development expense to employee benefits expense; \$252,207 from other expenses to employee benefits expense; \$357,807 from research and development expense to cost of platform services and \$86,998 from other expenses to depreciation and amortisation expenses.

NOTE 2. MATTERS SUBSEQUENT TO THE END OF THE HALF YEAR

No matter or circumstance has arisen since 31 December 2023 that has significantly affected, or may significantly affect the consolidated entity's operations, the results of those operations, or the consolidated entity's state of affairs in future financial years, apart from:

- On 7 February 2024, the Company completed a Placement with existing shareholder for 13,000,000 new fully paid ordinary shares at \$0.08 per share, raising \$1.04 million.

Identification of reportable operating segments

The consolidated entity is organised into two operating segments based on geographical regions where products and services provided. These operating segments are based on the internal reports that are reviewed and used by the Board of Directors (who are identified as the Chief Operating Decision Makers ('CODM')) in assessing performance and in determining the allocation of resources. There is no aggregation of operating segments.

The CODM reviews EBITDA (earnings before interest, tax, depreciation and amortisation). The accounting policies adopted for internal reporting to the CODM are consistent with those adopted in the financial statements.

Types of products and services

The principal products and services of each of these operating segments are as follows:

Australia	Cloud-based 3D digital twin
United States	Cloud-based 3D digital twin

Intersegment transactions

Intersegment transactions were made at market rates. Intersegment transactions are eliminated on consolidation.

Notes to the Condensed Financial Statements

for the half-year ended 31 December 2023

Intersegment loans are initially recognised at the consideration received. Intersegment loans are eliminated on consolidation.

Major customers

During the half-year ended 31 December 2023, approximately \$1.13 million of the consolidated entity's external revenue was derived from sales to one United States customer. No other single customers contributed 10% or more of the Company's revenue for the year.

Loan shares terms and conditions

The key terms of the Employee Share Plan and of each limited recourse share loan provided under the Plan are as follows:

- The loan is interest free;
- The loan made available to a Participant shall be applied by the Company directly toward payment of the issue price of the shares;
- The loan repayment date is 5 years from the date of issue;

Notes to the Condensed Financial Statements

for the half-year ended 31 December 2023

- A participant must repay the loan in full by the loan repayment date but may elect to repay the loan amount in respect of any or all of the shares at any time prior to the loan repayment date;
- The Company shall have a lien over the shares in respect of which a loan is outstanding and the Company shall be entitled to sell those Shares in accordance with the terms of the ISP;
- A loan will be non-recourse except against the shares held by the Participant to which the loan relates;
- The Board may, in its absolute discretion, agree to forgive a loan made to a participant; and
- The total loan equal to exercise price per Share which shall be deemed to have been drawn down at settlement upon issue of the loan shares.

Sale of loan shares

Shares may be subject to restriction conditions (such as a period of employment) which must be satisfied before the shares can be sold, transferred, or encumbered. Shares cannot be sold, transferred or encumbered until any loan in relation to the shares has been repaid or otherwise discharged under the ISP.

Vesting conditions 3.5 million loan shares

The loan shares represent an option arrangement subject to the following vesting conditions.

- 1.5 million loan shares on 19 December 2024 at completion of 12 months of continuous employment;
- 1 million loan shares on 19 December 2025 at completion of 24 months of continuous employment; and

- 1.5 million loan shares on 1 April 2023 at commencement of employment;
- 1.5 million loan shares at completion of 12 months of continuous employment; and
- 1.5 million loan shares at completion of 24 months of continuous employment

NOTE 11. CONTINGENT LIABILITIES AND ASSETS

As at the date of this report there are no claims or contingent liabilities that are expected to materially impact, either individually or in aggregate the Company's financial position or results from operations.

NOTE 12. FINANCIAL INSTRUMENTS

Assets and liabilities held for sale are measured at fair value on a non-recurring basis. There were no transfers between levels during the financial half-year. The carrying amounts of trade and other receivables and trade and other payables are assumed to approximate their fair values due to their short-term nature. The fair value of financial liabilities is estimated by discounting the remaining contractual maturities at the current market interest rate that is available for similar financial liabilities.

Directors' Declaration

In the directors' opinion:

- (a) the attached financial statements and notes comply with the Corporations Act 2001, Australian Accounting Standard AASB 134 'Interim Financial Reporting', the Corporations Regulations 2001 and other mandatory professional reporting requirements;
- (b) the attached financial statements and notes give a true and fair view of the consolidated entity's financial position as at 31 December 2023 and of its performance for the financial half-year ended on that date; and
- (c) there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of directors made pursuant to section 303(5)(a) of the Corporations Act 2001.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF POINTERRA LIMITED

Conclusion

We have reviewed the accompanying half-year financial report of Pointerra Limited ("the Company") and Controlled Entities ("the Consolidated Entity") which comprises the condensed consolidated statement of financial position as at 31 December 2023, the condensed consolidated statement of profit or loss and other comprehensive income, condensed consolidated statement of changes in equity and condensed consolidated statement of cash flows for the half-year ended on that date, a summary of significant accounting policies and other selected explanatory notes, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Pointerra Limited and Controlled Entities does not comply with the *Corporations Act 2001* including:

- Giving a true and fair view of the Consolidated Entity's financial position as at 31 December 2023 and of its performance for the half-year ended on that date; and
- Complying with Accounting Standard AASB 134: *Interim Financial Reporting* and *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

Material Uncertainty Related to Going Concern

We draw attention to Note 1 in the half-year financial report, which indicates that the Consolidated Entity incurred a net loss of \$4,584,490 during the half year ended 31 December 2023. As stated in Note 1, these events or conditions, along with other matters as set forth in Note 1, indicate that a material uncertainty exists that may cast significant doubt on the Consolidated Entity's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

Responsibility of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Consolidated Entity's financial position as at 31 December 2023 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
